- **Design:** Figma, Canva
- **Operating System:** Linux(Ubuntu 22.04), Windows

EDUCATION QUALIFICATION

- **BACHELOR OF VOCATIONAL in** *WEB DESIGNING*
  KALINDI COLLEGE, UNIVERSITY OF DELHI
  2020 - 2023

- **SECONDARY & SENIOR SCHOOL**
  CENTRAL BOARD OF SECONDARY EDUCATION (CBSE)
  2016 - 2020

ACHIVEMENTS

Qualified NASSCOM ASSESSMENTS

→ *Role:* **Junior Software Developer**
Gold Certificate
NSQF level 4   *- scored* **92.50%**

→ *Role:* **Software Developer**
Silver Certificate
NSQF level 5   *- scored* **78.20%**

PERSONAL PROJECT

→ **Culinary Hub** *(React Web Application)*

https://culinary-hub.netlify.app/

Developed Culinary Hub with React, implementing advanced features like real-time meal search, ingredient-based filtering, and category selection.

- This project was bootstrapped with **Create React App (CRA).**
- It utilizes the **public API** provided by The Meal DB to fetch meal data.
- Styling is done using **Tailwind CSS** and **Material Tailwind**.

> **Dependencies:** React, React Router, Device Detect, Axios

WORK EXPERIENCE

- **Software Development Intern**

  Essentia Softserv LLP *(1 Oct, 2023 - Present)*

  PROJECTS:

  An Environmental Monitoring Website - Air Quality Index and Fire Incidents
  - Developed website components and integrated APIs using **Nuxt.js(Vue.js)** framework, with some state management and js/css libraries such as **Vuex , Axios** & **Tailwind** CSS for enhanced functionality.
  - Applied practical expertise in working with Nuxt.js routing, mixins, life cycle hooks and implementing **D3.js** for data visualization.

  Election Information & Fact Checking Chatbots
  - Utilized **Nuxt(Vue.js)** framework for the UI of the chat app., configured server infrastructure with **Nginx** to address CORS policy.
  - Successfully addressed and **resolved bugs**, ensuring the delivery of high-quality products that met client expectations.

  SKILLS DEVELOPED:

  - **EFFECTIVE COMMUNICATION** : Engaged in open communication and offered valuable insights during team meetups.
  - **ADAPTABILITY & TIME MANAGEMENT:** Thrived in high-pressure scenarios, meeting tight deadlines with adaptability and efficient time management.
  - **CLIENT INTERACTION AND REQUIREMENT HANDLING:** Translated client needs into actionable tasks, ensuring satisfaction and project success through responsive communication.
  - **TEAM COLLABORATION:** Worked seamlessly in cross-functional teams, contributing to positive dynamics and successful project outcomes.
